The apartment is south facing enjoying sun all day which makes it very cozy and bright.

Despite being built in the 90's the apartment was recently renovated, bathroom and new kitchen in open space, being in good general condition.

It has outdoor space for parking, a tennis court and a swimming pool with a beautiful garden.

The key points of this property are its location and the complex where it is located, close to all amenities, just a few minutes from the beautiful beaches of Sagres, Mareta, Tonel, Beliche, among others, and the fortress that is part of the National heritage, having in 2018 been the most visited monument in the Algarve and probably in the entire region south of the Tejo. the fortress is of great historical importance, due to its connection to Prince Henry the Navigator and the Portuguese Discoveries.

Sagres is one of the most popular places on the Costa Vicentina, for nature lovers and families who prefer peace and quiet, and is a stunning place for surfers and for practicing other water sports.

You can enjoy our cuisine in several local restaurants, as well as some bars with a welcoming atmosphere.
